

St. Mary's in Exile

An inclusive faith community

About St Mary's in Exile Community

St Marys in Exile is an inclusive faith community that recognises our Christian origins based on Catholic traditions. We welcome people of all faiths, and none, on our collective faith journey.

...

Our spirituality is centred on the prophet Micah's call to ***act justly, love tenderly and walk humbly with God***. We are committed to the pursuit of social justice. We encourage respect for the earth.

What inspires our future direction?

We envision a sustainable, evolving, inclusive Christian community in a world of equality for all.

How do we support our vision?

We live our vision by:

- Promoting hope, freedom and justice
- Celebrating the Eucharist and life, and
- Providing advocacy and support for those in need.

*As we move towards the future
we are guided by principles to...*

Act Justly

with honesty and integrity,
challenging unjust social,
political and economic structures

Love Tenderly

nurturing compassion, forgiveness
and justice in all our relationships

Walk Humbly with God

cultivating experiences, which
nurture spiritual growth centred
on celebration of the Gospel
and Eucharist

...

Share the ministry of our community between
our many individuals, their gifts and faith, and
our designated spiritual leaders.

Recognise our differences and embrace them
with respect, honesty, love and compassion.

Affirm Micah Projects as a social justice
ministry of our community.

Support our Community Faith Council as our
forum for ideas, collaboration and consultation.

Work to sustain and develop processes for
clear communication.
